Completely renovated apartment in a pre-war building in the city center, close to Hotel Bristol. It is located on the top floor and it is a duplex. Very functional room layout. On the lower level there is an entrance hallway with a bathroom, a very comfortable living room with a kitchen, a spacious room and a staircase leading to the upper floor where there are two bedrooms, a bathroom and an open space that can be used for different purposes. Very charming interior, bright, with skylights, nice lighting and details. The kitchen is fully equipped, closets in almost all rooms. Heating and cooling through a heat pump. There is no garage or parking. It is suitable for business and residential use. An excellent choice for those who want to be in the center of the city's events and well connected to other parts of the city.
